Product Overview

Professional Grade Machete

This high-carbon steel machete is engineered for heavy-duty agricultural and landscaping tasks, including clearing dense vegetation and harvesting sugarcane. Featuring a durable 50MN steel blade with anti-rust protection, it is built for long-lasting performance in demanding outdoor environments. The tool is available in multiple lengths and thicknesses to suit specific cutting requirements, ensuring balanced weight distribution and reduced user fatigue during extended operation.

Technical Specifications

Available Blade Lengths

- 12"
- 16"
- 18"
- 19"
- 21"

Available Blade Thicknesses

- 1.6 mm
- 1.8 mm
- 2.0 mm
- 2.2 mm
- 2.4 mm
- 3.0 mm

Blade Material

50MN Steel

Surface Finish

Nature color with anti-rust oil

Design & Ergonomics

Handle Material Options

Wood, Plastic

Application

Primary Usage

Agriculture • Sugarcane Harvesting • Landscaping • Bush Clearing
