

Steel Frame Wheelbarrow with Pneumatic Tire

This durable wheelbarrow is designed for various construction and gardening tasks. It features a sturdy steel frame, a deep steel tray for efficient material handling, and a pneumatic tire for smooth maneuverability.

Product Overview

Heavy-Duty Material Handling Solution

This durable wheelbarrow is engineered for demanding construction and gardening applications. Featuring a robust steel frame and a deep-capacity tray, it offers excellent stability and efficiency when transporting heavy loads like concrete, gravel, or soil. The pneumatic tire ensures smooth maneuverability across uneven terrain, while the ergonomic handle design enhances user control and comfort.
