

Steel Frame Workbench with Drawers

This workbench features a steel frame with a wooden table surface. It also includes small and middle drawers with rolling steel construction, a sliding rail, and a base board.

Product Overview

Professional Grade Industrial Workbench

This robust all-black diamond plate workbench is designed for heavy-duty professional environments. Featuring a durable 25mm thick wooden work surface, it provides a stable platform for demanding tasks. Equipped with a versatile drawer configuration and a high-capacity sliding rail system, this unit is engineered for durability, organization, and efficiency in any workshop.
