

# Steel Handle Claw Hammer

This claw hammer is designed with a forged steel head for effective driving and nail removal. It features a polished steel handle with a black rubber grip, ensuring comfort and a secure hold during use.

## Product Overview

### Professional Grade Claw Hammer

This claw hammer is engineered for durability and reliability in professional environments. Featuring a forged steel head and a robust steel handle, it is designed for efficient nail driving and removal tasks. The ergonomic black rubber grip ensures a secure hold, helping to minimize user fatigue during extended periods of use.

## Technical Specifications

Head Material	Forged Steel
Handle Material	Polished Steel
Grip Material	Black Rubber

## Key Features

### Design Benefits

- Ergonomic grip for reduced fatigue
- Secure head attachment for safety
- High-durability forged steel construction

Primary Functions	Nail Driving, Nail Removal, Construction, Carpentry
