

Steel Measuring Tape, 5m Length, 25mm Width

This steel measuring tape has a length of 5 meters and a width of 25mm. It features a durable construction and is marked with both metric and imperial units for versatile measuring.

Product Overview

Professional Grade Measuring Tape

This 5-meter measuring tape is engineered for professional and general-purpose use, featuring a robust 25mm blade width for increased stability. Designed with a focus on durability, the unit provides strong resistance against accidental striking and offers an extended operational lifespan. Its dual-scale markings ensure versatility for a wide range of measuring tasks in various environments.

Technical Specifications

Tape Length	5 m
Blade Width	25 mm
Product Weight	38 g
Supported Units	Metric, Imperial

Features

Key Benefits

- Strong resistance against striking
- Extended product lifecycle
- Compact and durable construction
- Dual-unit measurement capability
