

# Steel Platform Hand Truck - 300kg Capacity

This steel platform hand truck is designed for moving heavy loads with ease. It features a robust steel frame and a non-slip platform surface to ensure stability and prevent items from sliding during transport.

## ADDITIONAL IMAGES

## Product Overview

### Professional Grade Material Handling

This heavy-duty steel platform hand truck is designed to streamline transport tasks with a substantial 300kg weight capacity. Its robust steel construction, combined with 5-inch rubber casters, ensures reliable maneuverability across various commercial and industrial environments. The foldable handle design significantly saves space, making it an efficient solution for warehouses, logistics centers, and workshops.
