

Steel Platform Hand Truck Trolley

This platform hand truck trolley is designed for efficient material handling. It features a robust steel frame with a non-slip platform and smooth-rolling wheels.

Overview

Versatile Material Handling Solution

This platform hand trolley is designed for professional material handling in homes, offices, and warehouses. With a robust 300kg loading capacity, it efficiently moves heavy items such as boxes, files, and furniture. The unit features a foldable handle for convenient storage and a wraparound rubber bumper to protect walls and surroundings during transport.
