

# Steel Wheel Rim for Heavy-Duty Vehicles

This steel wheel rim is designed for heavy-duty applications. It features a robust construction for enhanced strength and longevity.

## Product Overview

### Heavy-Duty Steel Wheel Rim

This durable steel wheel rim is specifically engineered for heavy-duty vehicle applications, offering robust construction for superior strength and longevity. Precision-engineered for an optimal fit, it ensures reliable wheel support under demanding conditions. The sleek black finish not only provides a professional appearance but also adds a layer of corrosion resistance for extended service life.

## Technical Specifications

### Key Features

- High-strength steel construction
- Corrosion-resistant finish
- Precision-engineered fit
- Designed for heavy-duty support

Compatible Tire Size	225/75R16C
Finish	Black Corrosion-Resistant Coating
Application	Heavy-Duty Vehicles, Commercial Use, Industrial
