

Steering Rack for VW Bora (2013+)

This steering rack is designed for VW Bora models manufactured from 2013 onwards. It converts rotational motion from the steering wheel into linear motion to turn the wheels.

Product Overview

Precision Steering Component

This steering rack is engineered specifically for VW Bora models manufactured from 2013 and later. It serves as a vital component in the steering system, efficiently converting the rotational input from the steering wheel into the precise linear motion required for vehicle handling. Built for durability, the unit features protective boots to prevent contamination and ensure consistent, smooth operation in various driving conditions.

Compatibility & Market
