

Step-Through Electric Bicycle for Urban Commuting

This electric bicycle is designed with a step-through frame for easy mounting and dismounting. It is equipped with a rear hub motor and frame-mounted battery pack to provide assistance during rides.

Product Overview

Urban Commuting Solution

This compact electric bicycle is engineered specifically for efficient urban commuting. Featuring a user-friendly step-through frame design, it offers easy mounting and dismounting for riders of all skill levels. The integrated rear hub motor and frame-mounted battery system provide consistent electric assistance, while the compact wheel size ensures excellent maneuverability in crowded city environments.
