

# Step-Through Electric Bicycle with Basket and Rack

This electric bicycle is designed for urban commuting and recreational use. It features a step-through frame for easy mounting, a front basket, and a rear rack.

## Product Overview

### Urban Commuter Utility

This electric bicycle is designed to enhance urban mobility through its ergonomic step-through frame, allowing for effortless mounting and dismounting. It serves as an efficient, eco-friendly transportation solution equipped with both a front basket and a rear rack for versatile cargo handling. The integrated pedal-assist motor simplifies hill climbs and extends travel distance, making daily commuting or casual recreational rides both comfortable and practical.
