

Step-Through Electric Bicycle with Basket and Rack

This step-through electric bicycle is designed with a low frame for easy access. It includes a front basket for carrying items and a rear rack for additional cargo.

Overview

Designed for Convenience and Utility

This classic step-through electric bicycle is engineered for effortless mounting and dismounting, making it an ideal choice for daily commuting and urban errands. The design prioritizes utility with a convenient front basket for personal items and a sturdy rear rack for additional cargo. Equipped with a reliable rear-hub electric motor and full fenders for protection against the elements, this bike offers a practical and comfortable riding experience.
