

Step-Through Electric Bicycle with Cargo Rack

This electric bicycle has a step-through frame for easy access. It includes fenders, a rear rack, a front headlight, and a comfortable saddle.

Overview

Designed for Utility and Comfort

This step-through electric bicycle is engineered for convenience and practical urban transport. Featuring an accessible frame design, it ensures effortless mounting and dismounting for riders of all types. Equipped with a reliable electric motor and battery system, this bike provides assisted pedaling to extend range and reduce rider fatigue, making it an ideal solution for daily commuting or light cargo delivery.
