

Step-Through Electric Bicycle with Cargo Rack

This electric bicycle is designed with a step-through frame for easy mounting and dismounting. It is equipped with a front basket, rear cargo rack, integrated lights, padded seat, and front and rear suspension.

Overview

Versatile Urban Commuter

This step-through electric bicycle is engineered for efficient urban commuting and daily cargo transport. Featuring a robust 48V 20Ah lithium battery system, it offers reliable power for city riding. The design includes practical utility features such as a front basket and a rear cargo rack, making it an ideal solution for delivery services or personal errands.
