

Step-Through Electric Bicycle with Storage

This electric bicycle has a step-through frame for easy access. It is equipped with a front basket and rear rack for convenient storage.

Product Overview

Designed for Convenience and Utility

This step-through electric bicycle is engineered for ease of use, featuring a low-frame design that simplifies mounting and dismounting. It comes fully equipped for daily utility, including a front basket and a rear rack for convenient cargo transport. Powered by a rear-wheel integrated electric motor and a seat-mounted battery, it offers a practical solution for urban commuting and errands.
