

Step-Through Electric Bicycle with Storage

This electric bicycle has a step-through frame, making it easy to mount and dismount. It is equipped with a front basket, rear storage box, fenders, mirrors, and a kickstand.

Overview

Designed for Utility and Comfort

This step-through electric bicycle is engineered for convenience and practical daily use, featuring an accessible frame design that simplifies mounting and dismounting. Equipped with both a front basket and a rear storage box, it provides ample capacity for carrying goods, making it an ideal solution for urban transport or delivery tasks. The inclusion of essential safety and comfort features, such as mirrors, fenders, and a supportive saddle, ensures a reliable and comfortable riding experience.
