

Step-Through Electric City Bicycle

This step-through electric bicycle is ideal for city commuting and leisure. It features a low-step frame for easy mounting and dismounting, along with an electric motor for assisted pedaling.

Overview

Designed for Urban Mobility

The Step-Through Electric City Bicycle is engineered specifically for efficient city commuting and relaxed leisure riding. Its accessible low-step frame geometry ensures easy mounting and dismounting for riders of all abilities. Equipped with an integrated electric motor and battery system, this bicycle provides reliable pedal assistance to help you navigate urban environments with ease.
