

Step-Through Electric City Bicycle

This step-through electric bicycle is designed for comfortable city commutes. It features a front suspension fork, integrated front hub motor, rear rack, and full fenders.

Product Overview

Efficiency Meets Comfort

This step-through electric city bicycle is designed for seamless urban commuting and leisurely rides. Featuring an integrated hub motor and front suspension, it offers a smooth and reliable riding experience on various city surfaces. The ergonomic design, including swept-back handlebars and a comfort saddle, ensures an upright, fatigue-free posture for daily use.
