

# Step-Through Electric City Bicycle with Basket

This electric bicycle features a step-through frame, front basket, and integrated headlight. It is equipped with an electric motor and battery pack for assisted propulsion, making it ideal for urban commuting.

## Product Overview

### Urban Mobility Solution

This step-through electric city bicycle is designed for efficient urban commuting and recreational use. Featuring a user-friendly low-frame design, it ensures easy mounting and dismounting for riders of all levels. The integrated electric motor and battery system provide reliable assisted propulsion, while the included front basket and rear rack offer practical storage for daily errands.
