

Step-Through Electric City Bicycle with Integrated Battery

This electric bicycle is designed with a step-through frame, making it easy to mount and dismount. It includes integrated battery, front and rear fenders and a front basket for practical urban transportation.

Overview

Designed for Urban Mobility

This step-through electric city bicycle is engineered for convenience and comfort in urban environments. Featuring an integrated battery compartment for a sleek aesthetic and a practical design including a front basket and rear rack, it is an ideal solution for daily commuting and errands. The inclusion of front and rear fenders ensures protection against road debris, making it a reliable choice for professional city travel.
