

Step-Through Electric Commuter Bicycle

This electric bicycle is designed with a step-through frame for easy mounting and dismounting. It is equipped with a rear rack and is suitable for urban commuting.

Product Overview

Urban Commuting Redefined

This step-through electric commuter bicycle is engineered for versatility and ease of use in urban environments. Featuring a robust black and red frame design, it combines essential utility with a comfortable riding position. With integrated components like a rear rack and front suspension, it is perfectly suited for daily commuting or recreational city riding.
