

Step-Through Frame Adult Cargo Tricycle

This adult tricycle has a step-through frame and a cargo box mounted over the rear wheels. Designed for stability and cargo transport, this tricycle is ideal for urban environments and light commercial use.

Product Overview

Built for Reliable Cargo Transport

This adult cargo tricycle features a convenient step-through frame designed for easy boarding and urban stability. Equipped with a spacious rear cargo box, it is an ideal solution for light commercial use and goods transport. The multi-gear drivetrain and sturdy frame ensure a smooth, reliable ride for daily delivery or transport tasks.
