

Step-Through Frame Adult Tricycle

This tricycle is designed with a step-through frame, making it easy to get on and off. It offers a stable and comfortable ride with its padded seat, backrest, and hand brakes.

Product Overview

Designed for Stability and Comfort

This step-through frame adult tricycle is engineered to provide a secure and comfortable riding experience for those who prioritize balance. Featuring a stable three-wheel design with a large front wheel and two supportive rear wheels, it is an ideal mobility solution. The inclusion of a padded backrest seat and reliable hand brakes ensures ease of use and safety during daily transport.
