

Step-Through Frame City Bicycle

This bicycle features a step-through frame, making it easy to mount and dismount. It is equipped with 26-inch wheels, red fenders, a padded saddle, and a rear rack.

Overview

Urban Commuter Design

This step-through frame city bicycle is engineered for comfort and accessibility, making it an ideal choice for urban commuting and recreational riding. The robust steel construction ensures long-term durability and stability on city streets. Featuring a practical design with a rear rack and fenders, this bike combines reliability with everyday utility for the modern rider.
