

Step-Through Frame City Bicycle

This bicycle features a step-through frame for easy mounting and dismounting. It is equipped with fenders, a comfortable saddle, and a rear rack, making it suitable for commuting and leisure riding.

Overview

Designed for Urban Mobility

This step-through frame city bicycle is engineered for convenience, ease of use, and daily reliability. Its accessible frame design allows for effortless mounting and dismounting, while the upright geometry ensures a comfortable riding position for commuters and casual riders alike. With integrated utility features like a rear rack and full fenders, this bike provides a seamless solution for navigating urban environments and running errands.
