

Step-Through Frame City Bicycle

This is a compact bicycle designed with a step-through frame. It is equipped with a multi-speed drivetrain, front and rear brakes, and a padded seat for comfortable urban commuting.

Product Overview

Urban Commuter Solution

This compact city bicycle is engineered for efficiency and ease of use in urban environments. Featuring a convenient step-through frame design, it allows for effortless mounting and dismounting, making it an ideal choice for daily commuting or casual recreational riding. Its small-wheel architecture ensures agility in tight city spaces while maintaining a comfortable, padded seating experience.
