

Step-Through Frame City Bicycle

This bicycle features a step-through frame, making it easy to mount and dismount. Designed for urban commuting and leisurely rides, it includes a front basket, rear rack, and full fenders.

Product Overview

Urban Commuter Design

This step-through frame city bicycle is engineered for comfort and practicality in urban environments. Featuring an upright riding position and an ergonomic saddle, it ensures a relaxed experience for daily commuting or leisurely city rides. The included accessories, such as the front basket, rear rack, and full fenders, provide essential functionality for carrying goods while keeping the rider clean.
