

Step-Through Frame City Bicycle

This city bicycle features a step-through frame for easy mounting and dismounting. It is equipped with a sprung saddle, mudguards, rear rack, front light, steel frame, and caliper brakes.

Overview

Designed for Urban Comfort

This step-through frame city bicycle is engineered specifically for comfortable and efficient urban commuting. Constructed with a durable steel frame, it offers long-lasting reliability for daily use. The design prioritizes rider convenience with integrated features like a sprung saddle, mudguards, and a rear rack, making it an ideal choice for both leisurely rides and practical transport.
