

Step-Through Frame City Bicycle

This bicycle is designed with a step-through frame, a front basket, and rear rack. It is equipped with a padded seat, upright handlebars, and a single-speed drivetrain for urban commuting and leisure riding.

Product Overview

Urban Mobility Redefined

The ZH-012 Step-Through Frame City Bicycle is designed for the modern urban commuter seeking comfort and practicality. Its low-step frame allows for easy mounting and dismounting, while the upright handlebars ensure a relaxed riding position. Equipped with essential accessories like a front basket and rear rack, this bicycle is a versatile solution for daily errands and leisure riding.
