

Step-Through Frame City Bicycle

This bicycle is designed for comfortable and recreational riding. The step-through frame allows easy mounting and dismounting, while the upright handlebars and cushioned seat promote an ergonomic posture.

Overview

Designed for Comfort and Accessibility

This step-through frame city bicycle is engineered for comfortable and recreational riding, catering to riders of all ages and abilities. The design features an accessible frame geometry for easy mounting and dismounting, complemented by an ergonomic upright riding posture. Equipped with multi-speed gearing and a reliable braking system, it offers a smooth, safe, and durable experience on paved surfaces and light trails.
