

Step-Through Frame City Bicycle

This vintage-style bicycle features a step-through frame, making it ideal for urban commuting. It is equipped with a rear carrier rack for transporting goods and full fenders to protect from splashes.

Product Overview

Urban Commuter Excellence

This vintage-style city bicycle is designed specifically for efficient urban commuting and daily travel. Featuring a durable steel step-through frame, it offers easy mounting and dismounting for riders of all levels. The upright riding posture, supported by curved handlebars and a sprung saddle, ensures maximum comfort during city rides.
