

Step-Through Frame City Bicycle

This bicycle features a step-through frame design, making it suitable for urban commuting and recreational riding. It is equipped with 20-inch wheels, front and rear fenders, and a comfortable saddle.

Overview

Urban Commuter Solution

This compact step-through city bicycle is designed for efficient urban commuting and recreational riding. Featuring a lightweight alloy frame, it offers excellent durability while remaining easy to handle in busy city environments. The simple single-speed drivetrain and reliable rim brakes ensure low-maintenance operation for daily use.
