

Step-Through Frame City Bicycle with Basket

This bicycle features an elegant step-through frame designed for comfortable urban riding. It is equipped with a front basket, sprung saddle, full fenders, reliable brakes and a smooth-shifting drivetrain.

Overview

Designed for Urban Comfort

This step-through city bicycle combines classic design with practical urban functionality. Featuring a durable steel frame and a smooth Shimano 7-speed drivetrain, it offers reliable performance for commuting or leisurely rides. The included basket, mudguards, and carrier make it a versatile choice for daily errands and city travel.
