

Step-Through Frame Electric Bicycle

This electric bicycle is designed with a step-through frame for easy mounting and dismounting. It includes a front basket and rear rack for carrying convenience.

Product Overview

Designed for Urban Accessibility

This step-through electric bicycle is engineered for maximum convenience and ease of use in urban environments. Its accessible frame geometry allows for effortless mounting and dismounting, making it an ideal choice for daily commuting or casual leisure rides. Equipped with practical utility features like a front basket and rear storage, it offers a reliable solution for carrying personal items while navigating city streets.
