

Step-Through Frame Electric Bicycle

This electric bicycle features a step-through frame, making it easy to mount and dismount. It is equipped with a front basket, rear rack, and integrated lighting for urban commuting.

Product Overview

Urban Commuter Electric Bicycle

This step-through frame electric bicycle is designed for convenient urban commuting and recreational riding. Featuring an accessible frame geometry, it includes practical utility additions such as a front basket, rear cargo rack, and integrated lighting system. The combination of a reliable electric motor and battery system ensures efficient travel, while mudguards and a kickstand provide essential functionality for daily use.
