

Step-Through Frame Electric Bicycle

This electric bicycle has a step-through frame for easy access and a comfortable riding position. It includes a front fairing with integrated headlights, alloy wheels, and a battery pack mounted low for stability.

Product Overview

Urban Commuter Electric Bicycle

This electric bicycle features a convenient step-through frame design, making it an accessible choice for urban commuting and short-distance travel. Equipped with a comfortable padded seat including a backrest, it prioritizes rider comfort during daily trips. The integrated front fairing with headlights, turn signals, and side mirrors enhances safety and utility for city streets.
