

# Step-Through Frame Electric Bicycle

This electric bicycle features a step-through frame design, making it suitable for urban commuting and recreational use. It is equipped with an electric motor and battery system for assisted pedaling or full electric operation.

## Overview

### Urban Commuting Solution

This electric bicycle features a convenient step-through frame design, making it an ideal choice for urban commuting and recreational riding. It is equipped with an integrated electric motor and battery system that supports both assisted pedaling and full electric operation. The design prioritizes rider comfort and utility with a padded seat, rear storage compartment, and essential safety features like front headlights and side mirrors.

## Design & Build

Frame Style	Step-through
Color Scheme	Light Blue, White
