

Step-Through Frame Electric Bicycle

This electric bicycle is designed with a step-through frame for easy access. It is equipped with a comfortable seat, a front headlight, and rearview mirrors for urban commuting.

Product Overview

Urban Commuter Electric Bicycle

This step-through frame electric bicycle is engineered for effortless urban commuting and convenient daily use. The accessible frame design ensures easy mounting and dismounting, while the integrated safety features, including protective chrome-finished bars and front lighting, provide enhanced security for the rider. Combining comfort with practical urban utility, this vehicle is an ideal solution for professional or recreational transport in city environments.
