

Step-Through Frame Electric Bicycle

This electric bicycle features a step-through frame for easy access and comfortable riding in urban environments. It is equipped with fenders, a rear rack, and a battery pack for practical, everyday use.

Product Overview

Comfort-Focused Urban Mobility

This step-through frame electric bicycle is engineered for accessibility and comfort, making it an ideal solution for urban commuting and casual riding. Featuring an upright handlebar geometry, the design promotes a natural, ergonomic posture for the rider. The integrated rear rack and fender system provide practical utility for daily transport needs.
