

# Step-Through Frame Electric Bicycle for Urban Commuting

This compact electric bicycle is designed with a step-through frame for easy mounting and dismounting, making it suitable for urban commuting. It comes equipped with a rear rack, front and rear fenders, and a comfortable saddle for enhanced riding experience.

## Product Overview

### Designed for Seamless Urban Mobility

This step-through frame electric bicycle offers a convenient and comfortable solution for daily urban commuting and recreational riding. Its compact, agile design ensures effortless navigation through city streets, while the rear-mounted battery provides reliable electric assistance. Complete with practical accessories like fenders and a rear rack, it is built to support both functionality and rider comfort.
