

Step-Through Frame Electric Bicycle with Basket

This electric bicycle features a step-through frame, front basket, and rear storage. It is equipped with a battery-powered electric motor for assisted propulsion.

Overview

Efficient Urban Mobility

This electric bicycle features a convenient step-through frame design, making it accessible and easy to mount for riders of all levels. Equipped with an integrated electric motor and battery system, it provides reliable assisted propulsion for daily commuting or errands. The inclusion of a front basket and rear storage compartment ensures practical utility for carrying personal items or goods.
