

Step-Through Frame Electric Bicycle with Basket and Backrest

This electric bicycle is designed with a step-through frame for easy access. It includes a front basket for carrying cargo and a rear backrest for passenger comfort.

Product Overview

Designed for Comfort and Utility

This electric bicycle features a convenient step-through frame design, allowing for easy mounting and dismounting for riders of all abilities. Equipped with both a front basket for cargo and a rear backrest for passenger support, it is built to handle daily errands and short commutes with ease. The vehicle utilizes a dual-propulsion system, combining pedal power with an electric motor for a versatile riding experience.
