

Step-Through Frame Electric Bicycle with Basket and Rack

This electric bicycle has a step-through frame for easy access. It includes a front basket, rear rack, and mudguards.

Overview

Designed for Utility and Comfort

This step-through frame electric bicycle is engineered for effortless mobility, featuring a low-entry design that ensures easy mounting and dismounting for riders of all abilities. Equipped with a robust electric motor and integrated battery, it provides reliable assisted pedaling for daily commuting or light transport. The inclusion of a front basket, rear rack, and protective mudguards makes it a highly practical solution for urban logistics and personal transport needs.
