

Step-Through Frame Electric Bicycle with Basket and Rear Seat

This electric bicycle is designed with a step-through frame for easy mounting and dismounting. It includes a front basket and rear seat with a backrest, making it suitable for urban commuting and recreational use.

Overview

Urban Commuter Utility Bike

This step-through electric bicycle is engineered for versatility and ease of use in urban environments. Featuring a convenient front basket and a rear seat with a backrest, it is perfectly suited for daily commuting, grocery runs, or light cargo transport. The robust frame design, combined with front suspension and a reliable electric motor system, ensures a comfortable and efficient ride for diverse riders.
