

Step-Through Frame Electric Bicycle with Basket and Rear Seat

This electric bicycle is designed with a step-through frame for easy access. It includes a front basket, a rear seat with a backrest, and a battery pack.

Overview

Urban Commuter Electric Bicycle

This step-through electric bicycle is designed for convenient urban commuting and leisure riding. It features a robust frame with a low-entry design for easy mounting and dismounting, complemented by practical utility additions including a front basket and a rear seat with a backrest. With integrated lighting and a stable kickstand, this bike offers a complete solution for daily transportation needs.
