

Step-Through Frame Electric Bicycle with Cargo Rack

This electric bicycle features a step-through frame, making it easy to mount and dismount. It is equipped with a front basket and rear cargo rack for carrying items.

Overview

Versatile Step-Through Electric Utility Bike

The GAMMA-23 is a highly functional electric bicycle designed for ease of use and utility. Featuring a convenient step-through frame, it allows for effortless mounting and dismounting, making it ideal for urban commuting or delivery tasks. Equipped with both pedal assist and a central battery pack, this bike provides reliable propulsion across various terrains, while the integrated cargo rack and front basket offer practical storage solutions.
