

Step-Through Frame Electric Bicycle with Cargo Rack

This electric bicycle is designed with a step-through frame, allowing for easy mounting and dismounting. It includes a rear rack for carrying cargo and a battery pack for electric assistance.

Product Overview

Designed for Convenience and Utility

This step-through electric bicycle is engineered for effortless mounting and dismounting, making it an ideal choice for daily commuting and urban transport. It features a robust rear cargo rack for carrying essentials and an integrated front headlight to ensure visibility during rides. With a battery pack conveniently mounted behind the seat post, this bike provides reliable electric assistance for both leisure and practical travel.
