

Step-Through Frame Electric Bicycle with Cargo Rack

This electric bicycle is designed with a step-through frame for easy access and comfortable riding. It includes a rear rack for carrying items, along with front and rear fenders and integrated lights for added convenience and safety.

Overview

Designed for Utility and Comfort

This step-through frame electric bicycle is engineered for easy mounting and dismounting, making it an ideal choice for urban commuting and cargo transport. Equipped with a sturdy rear rack, it is ready to handle your daily errands or delivery needs. The integrated motor and frame-mounted battery provide reliable pedal assistance, while front and rear fenders ensure protection from the elements.
