

Step-Through Frame Electric Bicycle with Cargo Rack

This electric bicycle has a step-through frame for easy mounting and dismounting. It features a rear rack for carrying cargo and an electric motor integrated into the rear wheel hub.

Overview

Urban Commuter Electric Bicycle

This step-through frame electric bicycle is engineered for convenience and efficiency in urban environments. Its accessible design allows for easy mounting and dismounting, while the integrated rear hub motor provides reliable power for daily commutes. Equipped with essential safety features like a headlight and side mirrors, it offers a practical and comfortable solution for both recreational riding and cargo transport.
