

Step-Through Frame Electric Bicycle with Cargo Racks

This electric bicycle is designed with a step-through frame for easy access. It includes front and rear racks to accommodate cargo, making it suitable for urban commuting.

Overview

Urban Utility E-Bike

This electric bicycle is engineered for convenience and utility, featuring a step-through frame design that allows for effortless mounting and dismounting. Equipped with both front and rear cargo racks, as well as an integrated front basket, it offers versatile storage solutions for urban commuting and daily errands. The inclusion of a supportive seat with a backrest ensures rider comfort during longer trips, while the robust frame and electric drivetrain provide a reliable, smooth riding experience.
